

RECENT RIOT IN CHINA

A Full Account of the Outrages in Sze-Chuan.

A LETTER FROM A MISSIONARY.

Cause of the Trouble That Resulted in the Entire Suspension of the Work of the West China Mission—How the Missionaries Escaped Down the River—Many Hardships Endured.

PHILADELPHIA, Sept. 4.—A letter has been received by Rev. F. S. Dobbins, in charge of the Baptist missionary board in this city, from the Rev. W. M. Upcraft, at Hankow, China. He also sent a newspaper called The Celestial Empire, published at Shanghai, which contains a full account of the recent riots in the Sze-Chuan province, which caused the entire suspension of work of the West China mission.

Mr. Upcraft is in charge of the mission there, a number of whose workers are from this city. In his letter, Mr. Upcraft states that the trouble began in Chentu, the capital of the province, on May 28. Three Protestant missionary societies are located there. The first warning of the trouble was the posting of a placard in several places of the city, reading as follows:

"Notice is hereby given that at present foreign barbarians are hiring evil characters to steal small children that they may extract oil from them for their use. I have a female servant named Li, who has personally seen this done. I therefore exhort you good people not to allow your children to go out. I hope you will act in accordance with this."

This was soon followed by an attack by a mob on the Canadian Methodist mission, which was destroyed.

The stations of the Baptist missionary union in Sze-Chuan were at Suichuan, Kiating and Yachau. The first trouble was at Kiating, which was nearest to Chentu, where the riots began. On that day the streets were full of people who at first seemed peaceable, but became more aggressive and began to loot the mission's houses. A magistrate of Yachau aided the missionaries to escape down the river on a raft. A guard of soldiers was sent with them. They had trouble at several places on the river, but went safely past, and the missionaries all safely reached Suichuan on Sunday, June 9.

Mr. Beaman of the Kiating mission, who had remained behind in a small boat, hoping to be of service to Yachau friends who might come down in boats, had a thrilling experience. During the night he was attacked by a band of robbers, who stripped him of everything he had, clothes and all. When the robbers came on his boat below Suichuan, he jumped overboard and dived under the boat, remaining hid for some time. The robbers probed the water with spears to find him and he was at last drawn back on the boat. His life appeared in imminent danger, and several wished to kill him, but the leader of the gang was satisfied when he found the money, and finally by the kindness of the boatman, Mr. Beaman got away.

After many of the thrilling escapes the party, consisting of Mr. Hill, his wife and boy, Miss Bliss, Mr. Salquist, Mr. Viking, his wife and baby, and Mr. Upcraft, arrived at Hankow.

In speaking of their position, Mr. Upcraft says: "Our work is broken up and possessions left to the pleasure of robbers. We were 11 days going to Ichang. Delayed by wind and rain, and in constant fear of destruction from swirling whirlpools and angry rapids. Our women were true heroines. They stood the trial very nobly. After the long strain reaction must set in. While our own experience with the Chinese officials has left no ground for complaint, in other places it is different. Many think that our present degraded viceroy is at the bottom of the whole thing. It was a systematic scheme to free the province of foreigners."

REVOLUTION IN SALVADOR.

The Situation There More Serious Than Generally Supposed.

SAN FRANCISCO, Sept. 4.—Advices from Salvador by the steamer Acapulco, from Acapulco, indicate that the situation there is more serious than is generally supposed. The agents of the Pacific Mail write that the country is principally under martial law, and that General Kives is threatening to descend upon San Salvador city and capture the ruling power.

On the 14th of July a startling discovery was made at the palace at San Salvador city. Gutierrez had a number of special officers on guard, four of whom were trusted servants. The four men were found stabbed to death on the morning of the 14th and the city was thrown into a great state of excitement. The police are constantly under arms and the strictest scrutiny of the press has begun. The president has issued an order that no person shall be allowed on the street after 8 o'clock at night. Officers of the army suspected of disloyalty are arrested as fast as discovered.

SAN FRANCISCO, Sept. 4.—At a meeting of the board of health yesterday the cholera question was discussed and the general opinion there was considerable danger of cholera becoming prevalent in Hawaii. A resolution was adopted reciting the fact that cholera had been reported in China and Japanese ports and in Honolulu and asking the United States government if these reports prove to be correct to take the necessary action under the quarantine laws to protect the United States ports from danger of the introduction of cholera.

AT HER MOTHER'S FUNERAL.

The Daughter Arrested For Causing the Old Lady's Death.

NEW YORK, Sept. 4.—The funeral of Mrs. Evalina Bliss, a wealthy lady who died last Friday, was held yesterday, and immediately afterward the daughter of the dead woman, Mrs. Alice Fleming, was arrested at the Colonial hotel on a charge that she murdered her mother by poison.

The case is a mysterious one, and in some respects a sensational one, as the death of Mrs. Bliss gives to her daughter the income from an estate of \$300,000, left by Robert Swift Livingstone, who was the first husband of Mrs. Bliss. To Dr. Bullman, who was summoned to her bedside Friday night, Mrs. Bliss said that she had been poisoned by relatives who would be financially benefited by her death. She said that she had eaten clam chowder and a piece of apple pie.

The doctor says that Mrs. Bliss' attendants failed to give her the medicines he left for her. He secured the dish in which the chowder had been, and a piece of the pie and gave them to the coroner. The coroner had an examination made of the dead woman's stomach by Chemist W. T. Scheele, who says that he found traces of metallic poison in the stomach and also in the dish which had contained chowder, and that it had evidently been very skillfully prepared by some one with a knowledge of poison.

Suspicion pointed to Mrs. Fleming. Detectives called for her yesterday and escorted her to the funeral, and although she was the chief mourner, three of them rode with her to Greenwood cemetery. They returned with her, and then formally placed her under arrest at her home. She was taken before Magistrate Simms, where she smiled and seemed entirely untroubled, and the magistrate remanded her to the custody of the coroner to await the result of an inquest.

MEXICAN RAILROADS PARALYZED.

Washouts Have Entirely Cut Off All Traffic and Communication.

CITY OF MEXICO, Sept. 4.—There is no prospect under three days of a through train from the United States over the Mexican Central. The washouts are all north of Saltillo and no one here knows the exact state of affairs on the line. The storm in northwestern Mexico was tremendous, the most severe for many years.

The Monterey and Mexican Gulf railroads are also badly hit as several bridges were swept away. General Manager Robertson wires that the line will soon be in good shape. The greatest inconvenience is that no European or American mails from Kansas City eastward, are arriving. Business men are put to great inconvenience and positive loss.

Death of William Jones Hopkin.

PROVIDENCE, Sept. 4.—William Jones Hopkin, ex-secretary of the American legation at London, died here yesterday, aged 82 years. He was a graduate of Harvard university and of Harvard law school, and for 40 years practiced law in New York city. He was the first president of the Union League club of New York. He was appointed to his diplomatic position by Hamilton Fish, secretary of state under President Grant, and served until the close of Minister Phelps' term. He was a noted art critic and served as one of three Americans on the art award commission of the Paris exposition of 1887.

A Woodlawn Victim.

BROOKLYN, Sept. 4.—William H. Poirer of 67 Thomas street, Newark, N. J., who was injured in the Seaboard railway wreck at Woodlawn station Monday afternoon, died at Soney hospital at 4 o'clock yesterday morning. Poirer's injuries were at first supposed to be only slight, but it developed that he was hurt internally. A tour of the other hospitals where the injured were taken showed that the injured were all doing well, and that no more deaths were likely to follow.

Bank Boycott Failed.

WASHINGTON, Sept. 4.—Yesterday was the day on which the boycott of national bank notes, ordered by President Sovereign of the Knights of Labor in his proclamation two months ago, was to go into effect. There was no evidence, however, that the Knights of Labor were taboing bank notes. The national headquarters of the knights were deserted, save for the office boy, both Mr. Sovereign and Mr. Hayes, the secretary, being out of the city.

She Was False.

ST. LOUIS, Sept. 4.—Richard Heese, aged 21, a baker, recently sent his sweetheart in Germany \$100 to bring her to this city, where they were to be married. Yesterday he received a German newspaper announcing her marriage to a former rival. He looked himself in his shop at 2701 Gamble street and took morphine. His corpse was found by a night watchman at 10 p. m.

Body Mangled Beyond Recognition.

HUNTINGTON, W. Va., Sept. 4.—A Baltimore and Ohio freight train broke in two at Silver Run, W. Va., and Edward Murphy, a Philadelphia machinist, was mangled beyond recognition. With a friend named Haggerty, he had been stealing a ride to Cincinnati, where both had jobs awaiting them. Murphy's body was sent to Philadelphia, accompanied by Haggerty.

Workhouse Inmate Escapes.

INDIANAPOLIS, Sept. 4.—John Harrington, a Cincinnati crook, who was arrested last winter, armed with a villainous slingshot and was sentenced to the equivalent of two years in the workhouse, escaped by dropping from a window and running.

FAILED TO START UP

Cleveland Nail Works Having Some Labor Trouble.

INCREASE OF WAGES ASKED.

New Men Persuaded to Turn Back and Further Trouble Is Feared—Great Activity in the Iron Market—Girl Injured in a Swing—Other Happenings in the Buckeye State.

CLEVELAND, Sept. 4.—When the Baackes wire nail works passed into the possession of the Consolidated Wire and Steel company, and it was shut down for repairs, the 400 employees declared that they would not return to work unless they were paid the prices won by the other wire mill of Cleveland in a strike. The company has a wage card which applies to all of its nine mills, and the rates are lower than those demanded by the men.

Yesterday the company tried to get 40 men imported from Pennsylvania into the mill, but the strikers were alert and turned out to the number of over 200. Three times the foreman piloted the Pennsylvania men to the gates of the mill and three times the strikers gathered around them and talking to them, induced them to turn back. A large squad of police was sent to the mill, and the company placed a score of private detectives on guard. The imported workmen finally scattered, many of them declaring they would return home. Serious trouble is apprehended, as the company is determined to start the mill at its own wages.

BOOM IN IRON.

No Such Activity and Demand in the Market For Many Years.

CLEVELAND, Sept. 4.—The Western Bar Iron association held a largely attended conference here yesterday. Nearly all of the larger manufacturers of the middle and western states were either present or represented. The meeting was held behind closed doors and the members refused to make public the object of the meeting. It was learned from another source, however, that the chief subject under discussion was a proposition to again advance the price of the product of the bar mills as a result of the boom in the iron market all along the line.

A canvass of the more prominent iron dealers in this city shows that the phenomenal boom in the iron market continues in all departments of the trade. The dealers state that there has been no such activity and demand in the market for many years. Pig iron is selling at \$17 a ton and steel billets at \$24 a ton, with an advancing tendency. There is an enormous demand for structural iron and electric street rails. The mills are running night and day at their utmost capacity.

Injured in a Swing.

PORTSMOUTH, O., Sept. 4.—A sad accident occurred at the shoemakers' picnic Labor day, which will in all probability result fatally to Miss Carrie Kehoe. She and another young lady were swinging alternately in the swings, trusting to pass each other at the proper moment. The swing which Miss Kehoe occupied slipped, throwing her violently against the other, she receiving internal injuries. When taken home she was unconscious and bleeding profusely.

Temperance Lecturer on a Spree.

CLEVELAND, Sept. 4.—W. J. McConnell, a temperance lecturer, known for his eloquence in all parts of the country, was fined \$25 and costs and sentenced to 30 days in the workhouse in police court yesterday for intoxication. McConnell has for years lapsed into occasional sprees, but lately lost all control of himself and is a wreck. He may be sent to the state asylum instead of the workhouse.

Two Thousand Converts.

GALLIPOLIS, O., Sept. 4.—About 5,000 people from all over the county attended "Syndicate" Wilson's meeting at the fair grounds, it being the wind-up of a series of meetings conducted by him during the summer. During the summer there has been more religious excitement than ever before, and fully 2,000 persons have been converted. Wilson is a reformed drunkard.

No Money to Print With.

COLUMBUS, O., Sept. 4.—The appropriation made for printing public documents has been wholly exhausted and no more of the annual reports can be printed. This will cause some disappointment, as these valuable documents will have to be consigned to manuscript form until the legislature makes appropriation for their publication.

Suing Her Mother-in-Law.

WARREN, O., Sept. 4.—A suit for \$25,000 damages for the alleged alienation of a husband's affections was begun in court here yesterday by Mrs. Josephine Fee against Drusilla Fee. The defendant is the plaintiff's mother-in-law and both are widely known.

Fractured Skull.

MANCHESTER, O., Sept. 4.—While Miss Jennie Allen was taking a spin on her bicycle it became unmanageable and threw her. She fell on her face and head, and it is feared that she sustained a fractured skull. She is still unconscious.

Asphyxiated in a Well.

ZANESVILLE, O., Sept. 4.—Hastings Gouldsberry was overcome by carbonic acid gas in a well near Rihersville yesterday afternoon and died before help could reach him. He was about 50 years old and left a large family.

LATEST BATTLE IN CUBA.

Havana Dispatches of Conroe Claim a Spanish Victory.

HAVANA, Sept. 4.—Insurgent Chief Rabi, with a numerous force in combination with other bands, whose chiefs are unknown, made an impetuous attack on the vanguard and on both flanks of the column of General Linarcas at Remanguangas, province of Santiago de Cuba, with intent to seize their convoy. Lieutenant Colonel Tejeda of the guerrillas repulsed the insurgents, until he was reinforced by two companies of the battalion of Antequera and one of the union battalion.

Commander Linarcas routed and dispersed the insurgents, who made no further hostile demonstrations. The column arrived with their convoy at Venta Casanayo and returned Monday to Pala Soriano. The insurgents left seven killed when they retired, with a great number of wounded. The troops lost two officers and five soldiers dead and 29 wounded, according to the official report made of the engagement.

A detachment of volunteers under Major Maya met the Platedas band near Camajuan, and they report that they killed the insurgent chief Manuel Fernandez.

It is reported that the negro insurgent chief, Bermudez, has, with his own hands, killed a defenseless laborer.

The steamer Antonio Lopez has arrived here from Spain, bringing the Eleventh battalion of artillery, the Arataban field squadron and the Del Rey squadron, the reinforcements aggregating 57 officers and 1,300 men. Marshal de Campos reviewed the troops upon their embarkation.

CARRIAGE HELD UP.

The Passengers Robbed of All Their Valuables by a Masked Band.

OMAHA, Sept. 4.—A band of 12 masked highwaymen held up a carriage load of people in Omaha suburb early yesterday morning and secured several hundred dollars. It is an organized gang which has long evaded the police. There were four persons in the carriage who had been in the city enjoying themselves.

When out a short distance from Benson, and near a clump of trees, figures emerged from the shadows as if rising from the earth, and surrounded the carriage; two men held the frightened horses by their bridles and nine climbed in about them in a threatening manner, while the 12th man stood outside the circle and gave the commands. After the cautionary commands the inmates of the carriage were told to get out and line up. The four men lined up, standing on their tiptoes, with their hands above their heads. One of the robbers searched each man in turn, taking everything of value, casting the plunder upon a robe that was thrown on the ground.

When this was accomplished the four men were told to throw their hats on the ground with their coats, and, under cover of pistols were ordered into the rig and told to drive away as fast as they could. When the men reached Benson they alarmed the neighbors, who formed a posse and started for the scene of the robbery. The hats and watches were found lying on the robe where they had been thrown. Nothing else was recovered.

DURANT'S TRIAL BEGUN.

The Courtroom Crowded to Hear the Opening Statements of the Attorneys.

SAN FRANCISCO, Sept. 4.—The trial of Theodore Durant really began yesterday. The courtroom was crowded to hear the opening statement of District Attorney Barnes. At the request of the defense all witnesses in the case were excluded from the room during the address.

Though counsel for the defense said they would be willing to have Blanche Lamont's and Minnie Williams' cases tried jointly when the district attorney referred to the finding of Minnie Williams' body the defendant's counsel objected to the introduction of anything relating to the Williams murder, which he said was the basis for a separate action. The court said he would permit reference to the discovery of the body of Blanche Lamont.

At the conclusion of the opening address the opposing counsel and the court held a consultation. Then at the suggestion of the defendant's attorney, the court ordered that after recess, the jurors, the defendant, the judge and the official stenographer in charge of the sheriff visit the scene of the murder.

Attempt to Rob the Bank.

OAKLAND, Cal., Sept. 4.—When the doors of the Messalakee National bank of Oakland were opened yesterday it was found that a bold attempt had been made during the night to rob the bank. The front door had been forced open, and after gaining an entrance the robbers had blown open the outer door of the vault. The men had been scared away at that point, for work on the vault had been stopped. It is thought the robbers were professional safe breakers.

Prize Fighters Released.

LOUISVILLE, Sept. 4.—After their hearing yesterday McCoy and Moore were released by Judge Toney, no evidence being adduced to show that they were the men wanted. A telegram from a hotelkeeper in Boston was produced stating that McCoy was in that city on June 30. Frank Whitty of Bradford, Pa., also testified that Moore was there June 30, employed in a blacksmith shop.

PETERSBURG, Ind., Sept. 4.—Fire yesterday destroyed the Flemings livery stable with 25 horses and many vehicles. The opera house and the Read hotel also burned. Losses aggregate \$50,000; partially insured.

FURIOUS WIND STORM

Northern Portion of Illinois and Southern Wisconsin Swept.

CONSIDERABLE DAMAGE DONE.

At Some Points the Storm Reached the Proportions of a Hurricane—Telegraph and Telephone Communication Was Seriously Interrupted—An Accident to a Lake Vessel No Lives Reported Lost.

CHICAGO, Sept. 4.—A very severe storm of wind, rain and lightning prevailed throughout the northern portion of Illinois and southern Wisconsin last night. Much minor damage was done and telegraph and telephone communication are seriously interrupted. Reports from many of the towns in Illinois north of Bloomington state that the storm was one of the most furious known in years.

At some points the storm reached the proportions of a hurricane. Late reports from the village of Kinderhook, where, it was reported, that three lives were lost, are to the effect that the first stories were erroneous. It is impossible, however, to get definite details of the amount of damage done at that place, as all wire communication is cut off.

The City of Louisville, one of the Graham line boats, heavily loaded with passengers as well as freight, met with an accident in midlake last night, which delayed her nearly two hours and caused a great deal of worry in this city. The boat encountered the storm out in the lake and while weathering the severest part of it suffered the breaking of the piston rod on one of her engines. This necessitated the shutting down of her machinery, and the boat consequently drifted about at the mercy of the waves.

As the boat tossed about, the passengers became almost panic-stricken, many of them expecting that with each succeeding career they were going to the bottom of Lake Michigan. Many of them possessed themselves of life-preservers, and those who did not take this precaution to save their lives in case of serious consequences, stood as close to the lifeboats as possible, to be ready in case they were launched.

The officers of the boat finally succeeded in quieting the passengers by assuring them that there was no danger, and after the damage had been repaired, she continued on her way to this city, arriving at her dock at a late hour. Even after the landing had been made the passengers continued to show signs of the bad shaking up they had been subjected to, and many of them were sick.

TREASURY TRANSACTIONS.

Receipts and Expenditures For August and Present Condition.

WASHINGTON, Sept. 4.—The comparative statement of the receipts and expenditures of the United States for the month of August shows receipts as follows:

Customs, \$15,639,047; increase for the month, \$1,562,063; internal revenue, \$12,172,101; decrease for the month, \$726,391; miscellaneous, \$1,141,544; decrease, \$952,844. The total receipts for the month of August, therefore, were \$28,952,696, against \$40,417,605 for August, 1894, when the whisky withdrawals were immense on account of the new tariff law. The loss in receipts in August, as compared with July, was \$117,001.

The expenditures during August amounted to \$32,588,184, against \$38,548,963 for July. The excess of expenditures over receipts during August was \$3,635,488, and for the two months of the present fiscal year, \$13,113,854.

The cash balance in the treasury at the close of business yesterday was \$184,039,156 and the gold reserve \$100,329,837. A telegram to the treasurer announced the withdrawal of \$1,100,000 in gold for export, which leaves the true amount of the reserve \$99,229,837. The coinage executed at the mints of the United States during August amounted to \$4,517,600, as follows: Gold, \$3,672,200; silver, \$748,000; minor coins, \$97,400.

They Left the Stable.

LAWRENCEBURG, Ind., Sept. 4.—Thieves broke into the stable of Corns & Carter, grocers, and stole their best horse, two sets of harness, spring wagon and a quantity of feed. Parties coming to market passed three men in the wagon driving very fast in the direction of Cincinnati, about four miles east of town, at 2 a. m. The horse, harness and wagon were valued at \$250. Three strangers were seen on the streets prowling about in the early evening, and they are suspected.

Now Suing For Damages.

PORTLAND, Ind., Sept. 4.—William H. Burnside of Kings' Land has brought suit in Wells county against "Squire Francis Thuber, Fred Lemminger, Marshal Short and Detective Tison for \$5,000. He alleges he was arrested and incarcerated in a dirty board shanty and kept for 40 hours without food or bed, and without cause; also, that he demanded trial and offered to give bond, but it was refused him.

A Double Crossing Fatality.

ELWOOD, Ind., Sept. 4.—While Dr. S. W. Edwin and Miss Maggie Amelius were crossing the Lake Erie and Western tracks in a buggy, yesterday, they were run down by a passenger train. Dr. Edwin was probably fatally injured and the lady was terribly bruised. Dr. Edwin is a prominent ex-Democratic member of the legislature and one of the best known physicians in eastern Indiana.

J. C. LOVEL, Secretary.

Fair weather, followed by local thunderstorms; cooler Wednesday night.

COL. BRADLEY is announced to speak at London, Laurel County, next Monday. Well, let him talk. No one will pay much attention to what he may have to say from this on.

"As the Kentucky campaign goes on the prospects of Republican success grow brighter," remarks the Cincinnati Tribune. The Tribune editor has a very vivid imagination and is not very particular how he makes use of it. No one else would write such stuff as the above, since Bradley showed the white feather last Friday.

SOME Louisville Republican, a member of the State Campaign Committee we believe, has let the cat out of the bag. In telling why the Republican Committee had cancelled Mr. Bradley's appointments for joint debates he said General Hardin had introduced "irrelevant matter" into the discussions. That's the secret of Mr. Bradley's showing the white feather. General Hardin had been pressing the negro equality question on him, and the Colonel got mad, because he saw it was calculated to lose him many votes. As far as its "relevancy" is concerned, the Republicans are not the sole judges on that point.

GRAND MASTER THOMAS.

A Fitting Public Reception in His Honor Suggested—The Eyes of the Templar World Turned Towards Maysville.

Mr. Editor: Now that a Maysville man has been elected to the highest office in the Templar world, and Warren Lattue Thomas is the Grand Master of the Grand Encampment of Knights Templar in America, and the Sir Knights of Boston, New York, Chicago, Washington City and other leading towns are tendering him magnificent receptions, it behooves the citizens of Maysville, irrespective of Masonry, to consider in what way they can best show their appreciation of this highest honor that has been conferred upon one of their citizens.

The little village of Concord, Mass., was visited by thousands of Templars last week, because Emerson, Thoreau, Hawthorne and Louisa M. Alcott lived and died there.

The eyes of the Knights Templar world and Masons generally, numbering more than one million in the United States, will be turned towards Maysville for the next three years; and why? Because our townsman, Grand Master W. Lattue Thomas, lives there. The Masonic center of character of Brother Thomas as a Blue Lodge Mason, Companion Thomas as a Chapter Mason, and Sir Thomas as a Templar Mason, that enabled him to reach the exalted position he now occupies, and the honor is ours as well as his, for Maysville Knights have gallantly stood by him since he became a member of the Grand Encampment at New Orleans in 1871.

Shall we let him quietly return to us and show him no mark of appreciation? Shall we leave strange cities honor and receive him? Or shall we not give him a fitting public reception at our Masonic Temple, where all of our citizens can call upon him and tender their compliments?

Let us show to the world, that we of Maysville appreciate our townsman and the high honor he has attained. By so honoring him, we will be honoring ourselves.

THE CITY SCHOOLS.

The Fall Session Begins With Unusually Good Attendance—The Enrollment.

The fall session of the public schools of the city began Monday with a very gratifying attendance. Some of the teachers report the largest enrollment for years, at the opening. The Girls' High School started out with thirty-three pupils enrolled, which the Principal Miss Gordon says is the best opening since her connection with the school. So far as learned, the enrollment is as follows:

Boys' High School.....25
Girls' High School.....33
Boys' Intermediate.....23
Girls' Intermediate.....29
District No. 1.
Principal's room.....26
First Assistant's room.....31
Second Assistant's room.....40
District No. 2.
Principal's room.....39
First Assistant's room.....26
Second Assistant's room.....35
The enrollment in Districts No. 3 and 4 and in the colored schools has not been ascertained.

LOST HIS GRIP.

Bradley's Conduct Loses Him Many Friends at His Home.

LANCASTER, Ky., Sept. 1.—A feeling of earnest disapproval among both Democrats and Republicans is being expressed over the conduct of their townsman, Col. W. O. Bradley, at Eminence. It is believed by many that his conduct has strengthened the Democratic ticket 10,000 votes.

He will not receive so hearty a support at home after such conduct. County pride has been wounded. It has been predicted by many from the beginning of the debates that he would show the white feather, but it was not thought that he would do it in such a rude and childish manner.

Even if he was mistreated at that place, it is agreed that cancelling the other engagements has robbed him of his following, and he is forever shelved as a political leader.

NITROGLYCERIN EXPLOSION.

A Large Storehouse Blown Into Thousands of Fragments.

PITTSBURG, Sept. 4.—At 11:50 o'clock yesterday 1,000 pounds of nitroglycerin exploded near Shannopin station, on the Pittsburg and Lake Erie railroad, 19 miles from Pittsburg. The scene was the storagehouse, where glycerin used in shooting the oil wells is stored.

The employees had just left the building for dinner, but were yet near enough to be thrown violently to the ground. The magazine was scattered to the winds, nothing remaining but a huge excavation in the earth. The shock was felt for miles. The cause of the explosion will probably never be known.

Lightning Hot Drops—

More Prosperity.

NEWCASTLE, DEL., Aug. 29.—The Delaware Iron-works, of this city, are now employing 825 hands, the greatest number in the history of the establishment. Wages in all departments are higher than they were two years ago. The other industries of this city are also in a prosperous condition.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

"5-15-22 DAY."**The Boston Globe's Account of Maysville Commandery's Brilliant Reception at the Late Conclave.**

(Boston Globe, August 29th.)

The famous "5-15-22" commandery, otherwise known as the Maysville Commandery of Kentucky, held a reception at the Oxford Hotel all day yesterday and last evening up to midnight.

And such a reception as it was—nothing like it has been seen in the city—it opened at 9 in the morning and it continued with unabated fervor until the large hall at the Oxford, which the Kentucky Grand Commandery has engaged for its headquarters, closed.

Everybody expected that the "5-15-22" Knights would have an original reception, and as a result delegates from nearly every commandery in the city at the present time, with their ladies, put in an appearance.

What added interest to this reception was the fact that it was given by the commandery which claims Very Em. Sir Warren La Rue Thomas, who will undoubtedly be the next Grand Master of the Grand Encampment of the United States, as an active member.

And when Very Em. Sir Thomas arrived between 9 and 10 in the evening he was given a great ovation. He would have been around earlier, but he was obliged to attend a number of grand receptions, including the one to Grand Master McCurdy at Mechanic's Hall.

The Maysville Knights did everything in their power to make the reception a success, and so did the ladies who worked like Trojans all through the day and evening to make the Boston conclave reception a memorable one. That they succeeded no one of the 10,000 or more visitors will attempt to dispute.

Every Maysville Sir Knight, whether on the reception committee or not, worked in the interests of "Old Kentucky," and in reality the reception was as much in the interests of the State of Kentucky as in that of Maysville. Kentuckians stand by each other, and each and all of them are proud of Deputy Grand Master Thomas.

The invitation to the reception read: "The trouble begins at 9 a. m. and will continue all day and as long into the night as you choose to remain. Come and make yourself at home with Kentuckians. Bring your ladies, bring your friends, bring everybody you know."

And judging from the crowd that attended, everybody did bring everybody that "everybody" knew to the reception, for "everybody" was curious to see what the "5-15-22" Knights looked like.

They came and they were conquered—not only by the hospitality which the occasion afforded, but also because of the beautiful young women who were in attendance to entertain the visiting Sir Knights, and exchange cards with them.

The crowd was so great at this reception that the exchange cards and exchange badges ran out early in the evening, and many were disappointed at not being able to effect an interchange.

The hall was beautifully decorated with bunting, flags and Masonic emblems. At one end was the banner of the Maysville Commandery, and at the other the banner of the Grand Commandery of Kentucky, so that the Maysville reception might be said to have been a reception for the Knights of the State of Kentucky.

An orchestra was stationed at one end of the hall, which discoursed all of the popular music of the day.

"Little Commandery" of Kentucky visited the Maysville Knights about 3, and they were received with loud applause.

The members of the reception committee were: Sir Knights G. S. Wall, R. L. Browning, O. C. Kuback, W. C. Miner, G. W. Rogers, J. W. Damron, E. A. Robinson, R. P. Jenkins, T. A. Keith, Bernard Witt, J. M. Webb, W. J. McKee, L. T. Everett, A. A. Hazelrigg and T. A. Garrigan, Miss Anna Witt, Mrs. W. J. McKee, Miss Edna Rankin, Mrs. Eugene Robinson, Mrs. J. Damron, Mrs. Tom Keith, Mrs. B. G. Witt, Mrs. Apperson and Miss Hattie Apperson.

Every conceivable souvenir which the Maysville Commandery brought along with them was exhausted, and the Sir Knights will travel around during the rest of this conclave without any exchange comforts unless they have some new cards printed. But then this is not surprising. The crowd at the reception was so great that it would have been almost impossible to provide for it.

While voices were buzzing and glasses were clinking there was a quick call to order, and every one was expectant. At this point Sir Knight Garrett S. Wall arose and presented Mr. Thomas Garrigan, General Passenger Agent of the C. and O. and the Big Four railroads, with a handsome corkscrew, having a solid silver handle. He received also two silver soup ladles for his wife.

Mr. Garrigan, although much surprised, managed to make a few remarks expressive of his appreciation. He was cheered and applauded most enthusiastically.

A SPECIAL from Vanceburg says that William Adams, a young merchant while riding a bicycle ten miles south of there, ran against a twelve-year-old boy named Bloomfield. The boy was knocked senseless and had one jaw broken, the other shattered and ten teeth knocked out. Adams has been sued for damages.

LINE DRIVES.**Interesting Base Ball Gossip—Wiley Davis Meets His First Defeat.**

The Maysvilles got off yesterday afternoon for Clarksville.

Hall left for Louisville on the early train yesterday morning to secure some good players for the present trip.

The Southern League closed the season yesterday, and the Maysvilles expect to sign two or three of the star players.

Wiley Davis, the Knoxville phenom, has met his first defeat. In an eleven-inning game Monday the Knoxville club split itself, having for the batteries Davis and Grim and Hill and Crawley. Davis struck out nine men and gave up seven hits. Hill struck out fourteen men and allowed four hits, striking Davis out four times. A home run by Jobe, of the Hill nine, won the game by a score of 4 to 3. This was the thirty-fifth game Davis has pitched this season and the first one he has lost.

A Well Under the Pavement.

While removing the brick pavement in front of Mr. George Diener's saloon on Market street this morning, preparatory to putting down a freestone sidewalk, the workmen discovered an old well. It was just in front of the south door, close to the building, was about twenty feet deep and was nicely walled up with brick. Some old timbers had been placed over it, and the brick pavement was resting on these timbers. The covering was very badly decayed, and had the old pavement not been removed, it would not have been a great while before some one would have "dropped out of sight" just at that point.

MADISON J. LYON.**His Sudden Death Tuesday Afternoon at His Home in Cincinnati.**

A telegram yesterday morning to Mr. George T. Wood announced the critical illness of his son-in-law, Mr. Madison J. Lyon, at his home in Cincinnati, and the sad news of Mr. Lyon's death was received later in the day. He passed away at 2:15 p. m.

Mr. Lyon had been complaining somewhat for several days, but was not thought to be dangerously sick.

Deceased was engaged in business at Cincinnati as a representative of Armour, the big meat packer of Chicago. His wife, who was Miss Dee Wood, survives him. Her many friends in Maysville and elsewhere sympathize with her in her bereavement.

No information as to the funeral arrangements has been received.

KENTUCKIANS AT PETOSKEY.

An Interesting Letter From Our Germantown Correspondent, Concerning People and Things.

[Correspondence BULLETIN.]

PETOSKEY, MICH., August 30, '96.

Had George D. Prentice been in this place last Sunday he would not have written "Tis boly Sabbath; hushed is the ploughboy's whistle and the milk maid's song."

The engines were puffing, the bells were ringing, the cars were rolling, carrying an ever-moving, restless throng of human beings to the various places of amusement and pleasure, but to the credit of the vast number of strangers in our midst there were enough who respected the day and holy things to fill the various churches to overflowing.

There has been another large hotel erected here during the year and still so great is the influx of seekers of pleasure and health that lodging room is hard to find. The place is improving; a good many residences and business houses now in process of building. The main source of revenue is from the great and increasing number of people who flock to this region each returning season for health and recreation.

We have met a great many whose faces were familiar last season, and who will likely be here as long as hay-fever proves to be a mystery to the medical profession, and other people find rest in this romantic region from the heat and cares of business. Some are not here, but others, on inquiry we learn have been summoned to that land where hay-fever is not known.

We see here all sorts of people. The young maiden just lengthening her dresses, the widow who has just doffed her weeds, the young lady who with the aid of her parents is, like Meawber, hoping and wishing for something to turn up that may change her name and fortune, and alas a great many who having been left in the uncertain race of life, and although their silvery locks admonish them with disheartening certainty that they have no time to lose, still nurse a lingering hope that fortune may smile upon them and yet give to them another name.

At the hospitable cottage of James R. Slack and family, of Huntington, Indiana, on Bear Lake, the writer found an old Kentucky welcome, and spent a delightful day and hopes to spend many more. To read the railroad circulars you would think you could pull out fish as fast as you could throw in your hook, but three of us fished, morning and afternoon, on both sides of the boat, but we had no one to work for us a miracle, our nets did not break, nor our lines were not made taut. We hope to do better next time. We forgot to spit on our hooks.

Among the Kentucky people we have met, Mrs. W. D. Thackston, of Millersburg, Mrs. Lida R. Price and Mr. Jesse Anderson, of Fleming County, Mr. M. J. Martin and daughter-in-law, Mrs. Martin, of Lexington, Mrs. E. J. Rees and son, of Mason County, and a bright handsome brunette of Maysville, Miss Anna Belle Roser. They are all here with the writer to stay until the frosts begin to fall.

The little son of Mr. E. J. Rees was a pitiful victim of hay-fever when we started on the 20th of August. To-day he is bright and well. His mother will put him in school here and return home this week. Received the EVENING BULLETIN this morning. It was a welcome visitor and enjoyed by all the party.

Thomas Politt will teach the Plumville school this session.

R. C. Moody and Miss Mary Herbert visited Misses Hattie and Hallie Bradley, of Maysville, last week.

ACCIDENT INS. TICKETS. W. R. WARDER.

On account of the G. A. R. national encampment at Louisville, the C. and O. will sell round trip tickets to Louisville at \$3.30. Tickets on sale September 7th to 10th inclusive. Return limit October 6th.

A Household Treasure.

D. W. Fuller, of Canajoharie, N. Y., says that he always keeps Dr. King's New Discovery in the house and his family has always found the very best results follow its use; that he would not be without it, if procurable. G. A. Dykeman, druggist, Catskill, N. Y., says that Dr. King's New Discovery is undoubtedly the best Cough remedy; that he has used it in his family for eight years, and it has never failed to do all that is claimed for it. Why not try a remedy so long tried and tested? Trial bottles free at J. James Wood's drug store. Regular size 50c and \$1.

Something Wrong Somewhere

A dozen symptoms tell you so. Disordered stomach, unstrung nerves and loss of appetite; a feeling of indifference for the world and everybody in it, including yourself; eruptions that try to force the "badness" out through the skin all tell their tale.

It's Your Blood

that's raising all this disturbance. You'd turn away in disgust from a polluted stream of water, but you'll let your blood—the food of your vital organs—remain in just this condition. Don't do it; take

Brown's Iron Bitters

It will cleanse your system of the cause of these petty sufferings and fill your veins with new and lively blood, rich in nourishment.

Brown's Iron Bitters is pleasant to take. It will not stain the teeth nor cause constipation. See the red crossed lines on the wrapper.
